

Accelerate Discovery Tour

Cell-Based Assays | Lab Automation

Medical Faculty Mannheim | 14 Oct 26

Two solutions. Two focus applications. One goal: accelerate your discovery.

Join us for practical insights, live demonstrations, and expert discussions to streamline workflows, improve reproducibility, and reduce hands-on time.

Whether you're focused on cell-based assays, or taking the first step into laboratory automation, you'll leave with practical ideas you can apply in your lab.

Featured Workshops

1. Accelerating Cell-Based Discovery | 10:30 - 11:30

Transforming Cell Culture Workflows
with **dragonfly® discovery**

2. Automate with Confidence | 11:30 - 12:30

Taking the First Step into Laboratory Automation
with **apricot® S3**

Between workshops, take time to network, exchange ideas, and enjoy lunch.
